Forecast For Scotland
Issued by Met Office Aberdeen
at 1600 on Wednesday 13 Oct 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Rain spreading southwards during Thursday. Quite windy.

This Evening and Tonight:
Some clear spells across the east but generally cloudy with patchy rain across the north and west. More persistent, locally heavy rain expected to reach Shetland, Lewis then Northwest Highlands towards dawn. Another mild night with strengthening westerly winds.

Thursday:
South and east Scotland having mostly dry morning with early brightness. Rain becoming heavier over north and west Scotland, clearing southwards later. Brighter, showery, colder weather following. Strong westerly winds.

Outlook for Friday to Sunday:
A few showers across Shetland Friday, otherwise dry with sunny spells. Dry, bright start Saturday but generally unsettled this weekend with outbreaks of rain, heaviest and most persistent in west.
